

Transform Your Digital Workspace Investment into Lasting Business Value

We're Not Just About Maintenance,
We're About Transformation.

In 2025, are you looking to revamp the way you manage your digital workspace?

That's where Anunta's Day 2 Package comes in.

Why Leading Enterprises Trust Anunta

What keeps most **C-suite executives** up at night is ensuring their digital workplace infrastructure delivers on its promises.

But here's how we turn that uncertainty into confidence:

Unmatched Reliability

We've got the experience. We manage digital workspaces for over **750,000+** users across diverse industries like healthcare and finance.

Proactive and Predictive

EuVantage®, our AI-powered platform, proactively resolves **76%** of issues before they disrupt your business, ensuring **99.98%** uptime and happy employees.

Tailored to Your Needs

Every business is different. That's why we offer custom deployment options (**Cloud, On-premises, Hybrid**) and flexible pricing to meet your unique needs.

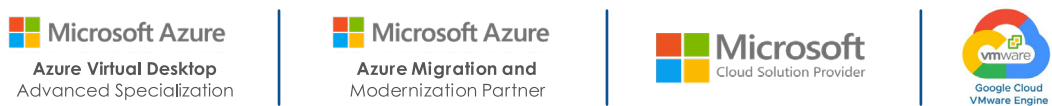

Powered by Partnerships

Partnering with leaders like **VMware, Azure, and AWS** means you get the best technology and the highest service standards.

Our Technology Partners

Specialization

Master Service Competency

Inside Our Service Suite

Smart Monitoring & Analytics

Tired of constant IT firefighting? Our EuVantage® platform transforms your operation with:

- **70%** fewer trouble tickets
- **60%** reduction in system alarms
- Up to **70%** faster resolution times
- Intelligent topology views and automated root-cause analysis

24x7 Enterprise Service Desk

Business doesn't stop, and neither do we. Experience:

- Complete incident ownership from start to finish
- Efficient remote troubleshooting
- One-stop solution for all IT needs
- Superior First Call Resolution rates

Advanced Incident & Problem Management

We don't just solve problems – we prevent them from recurring through:

- Instant diagnosis and isolation
- Quick recovery strategies
- Thorough Root Cause Analysis
- Long-term solution development

Enterprise-Grade Change Management

Stay current without the chaos:

- Expert Change Advisory Board oversight
- Seamless system-wide updates
- Rigorous compatibility testing
- Continuous optimization

Security-First Patch Management

In today's threat landscape, security isn't optional:

- Latest OEM security patches and bug fixes
- Pre-deployment impact analysis and UAT
- Easy rollback capabilities
- Zero-trust security implementation

DevOps Excellence

Advanced support including:

- Azure POD improvements
- Strategic pre-onboarding
- Advanced networking (Direct Connect & VPN)
- Continuous integration & deployment

Trusted by Industry Leaders

Join our impressive client roster:

- Leading European Financial Services Company
- **4** of the Top Global BPM Providers
- Largest Multinational Retail Corporation
- American Multinational Media and Entertainment Conglomerate

Investment Value Proposition

With Anunta, you're not just a client, you're a partner. We focus on maximizing your ROI by improving productivity, reducing downtime, and boosting security.
