What Makes Our Enterprise DaaS Special?

Whether you're working from your home office or while on vacation, we've got you covered for desktop mgmt.

Here's what we bring to the table:

Azure Virtual Desktop (AVD) Magic

We're rocking it with Microsoft Azure, serving enterprises across **45+** countries. Want to know the best part? Our clients typically save **35%** on costs compared to traditional setups, and we get them up and run **60%** faster than in-house teams.

VMware Horizon Excellence

We've mastered the art of cloud integration, supporting over **50,000** users simultaneously across **15+** major cloud platforms. The cherry on top? We cut IT support tickets by **40%**. Less headaches for everyone!

What Make Us Stand Out

Performance That Turns Heads

Critical issues? We knock them out in under **2 hours**

Our users are smiling – **95%** satisfaction rate

Technical hiccups? Our incident-to-user ratio is just **0.03** (that's incredibly low!)

Security That Never Sleeps

We're not just secure – we're certified secure!

ISO 27001:2013, SOC 2 Type II, GDPR compliant... we speak the language of data protection in over **30** jurisdictions.

Success Stories That Speak Volumes

- Banking & Finance- Supporting **8** of the top **15** global banks.
- Healthcare & Life Sciences- Powering critical applications for **5** of the top **10** pharmaceutical companies.
- Business Process Management- Transforming operations for **6** of the top **10** global BPM providers.

We're Global, We're Local

With support centers in 5 countries and technical operations across **3** continents, we're always on duty. Need help at **3 AM**? We're here!

Our Trophy Cabinet

- Frost & Sullivan Digital Transformation Excellence Award
- VMware Partner of the Year for Cloud Innovation
- Gartner Peer Insights Customer Choice Award for DaaS Solutions
- Forbes Cloud **100** Rising Stars Recognition
