05 Anunta's Cloud Adoption Package

Perfect for You If
1. You know what kind of virtual desktops your team needs (VDI/DaaS).
2. You've already tested the waters with a Proof of Concept (POC).
3. Your IT team needs some extra help with the heavy lifting.
4. You've got VDI/DaaS licenses, but you need someone to guide you through the setup.

How Anunta Helps You Succeed
1. We'll hold your hand through the initial setup.
2. We'll create a clear roadmap for your VDI/DaaS journey.
3. We'll take the reins – from start to finish.
4. We'll make sure everything runs smoothly before handing things over to you.
5. We'll ensure a smooth transition to your internal IT team or your existing MSP.
