

Anunta Corporate Profile

Your Partner for *Dependable, Always-on, Assisted and Secure Desktop as a Service (DaaS)*

No matter where you are – at the office, at home, or on the go – your secure and personalized desktop is always available. This is the vision that drives Anunta.

The Anunta Difference

Superior User Experience

1. Consistent, lag-free desktop performance
2. Cross-device compatibility
3. Support for major virtualization platforms

Intelligent Automation

1. End-to-end service automation
2. Smart optimization
3. Integrated intelligence across service delivery

Business Benefits

1. Rapid scalability for fluctuating demands
2. Subscription-based pricing model
3. Enhanced workforce productivity
4. Enterprise-grade security compliance

Real Numbers, Real Impact

We've been helping businesses like yours embrace the cloud for over a decade, successfully migrating more than **750,000+** workstations. Our team of over **400+** virtualization experts knows the ins and outs of cloud migration. We'll guide you every step of the way, ensuring a smooth transition. And with **99.98%** uptime and **24/7** support, you can rest assured that your business will always be connected, no matter what.

The Choice is Clear

While others are selling you software, we're delivering what global businesses really need: **results**.
